Class Description: Homeopathy is a gentle, yet powerful system of natural healing founded by the German physician Dr. Samuel Hahnemann in the 18th century. It is based on the principle of "Like Cures Like." This means a substance that can cause symptoms in a healthy person can be used in highly diluted form to stimulate the body's healing response in someone experiencing similar symptoms. Homeopathy is unique in its approach, treating the body, mind, and emotions as an interconnected whole, rather than focusing solely on isolated symptoms.

In this class you will learn to address everyday health concerns like colds and coughs, minor injuries, emotional stress and other common issues (for example, teething/dental pain, insomnia, arthritis, allergies, tantrums, etc.) using gentle, effective, holistic alternatives to conventional medications.

The curriculum is written specifically for this class by homeopath Judith Toscano, C. Hom. of Lotus Wellness Cottage, and we will meet with Jude online periodically for live Q & A sessions.
