Class Time: Thursdays, 11:00 am - 11:55 am

Semester Length: Spring Semester: January 8, 2026 – May 14, 2026

No classes on March 26

Class Description: Smart Start is an early childhood class designed for children who are ready to learn, but not yet ready for a drop-off program. This class will provide a nurturing, interactive educational environment where a parent remains actively involved throughout the session. Smart Start is ideal for children who are working on building confidence and will aid students in the transition to independent learning in the future. This class allows young children who are still developing social-emotional readiness and the communication skills necessary to participate in a separation class to attend an educational program alongside a parent. Smart Start will include hands-on literacy and math activities, puzzles and games as well as fine motor skill development and storytime.

*Please note that this class will run if 5 student/parent pairs register. Materials fees will be returned if we do not reach the minimum number of registrants.

Attention PEP parents! Invoices will be provided for all materials and tuition payments, and you will receive a copy of my teaching license as well as a description of the educational benefit of the class.

Non-refundable Materials Fee Due per semester on Sign-up
