Class Description: Does you or your child like to make crafts? This is the perfect class then. I have loved making crafts since I was in Elementary school. I like to use things we find at a thrift store, or reuse something that was going to get recycled. In class we will be working on numerous different kinds of crafts. Some projects will only take one week, others we will work on for multiple weeks. There might be some weeks, that a student will teach the rest of the class how to do a project or craft that they like to do. Just a lot of craftiness going on!!
